**Recommendation Letter: Jake Rogers**

11/17/20

To Whom It May Concern:

The purpose of this letter is to recommend Jake Rogers and Life Decisions. I have known and worked with Jake for numerous years, and he has demonstrated an unwavering commitment in pursuing vulnerable youth. His passion for such youth is magnified through his vision, creativity, and fruitful relationships. Jake is committed to stewarding all resources in the most efficient manner. He even recently made a visit to Colorado to learn best practices from a unique operation called the Dale House. Jake has also exhibited a humility in an effort to grow as a leader and has an eager desire to follow after Christ. It's undeniably clear that Jake has a calling to serve youth in need. We at Youth for Christ are excited to partner with him. Jake's future, as well as Life Decisions, is incredibly bright.

Sincerely,
